

A one day exposure visit to Nagaland Livestock Development Board (NLDB)

A one day exposure visit to Nagaland Livestock Development Board (NLDB), Lerie, Kohima was conducted by ICAR-KVK Phek on 21st of March 2025, sponsored by ICAR-IGFRI, Jhansi, UP. A total of 22 farmers from Zapami village were exposed to the scientific method of jersey management where Dr. Swede, Deputy Director explained on the managerial aspects of cattle rearing for milch purpose. The participants were also made aware on the production of liquid nitrogen for preservation of semen for artificial insemination purpose. A session on feed mixtures was explained by Dr. Ketholilie Mere, Farm Manager. A visit to the Capital Dairy (Milkon) was conducted to see the process of various products of milk such as Dahi, Lassi, Paneer, Ghee etc. We are thankful to the Managing Directors of NLDB and also the Capital Dairy for the time they had spared for the visit.
