

Brief report on 3 days training programme on **Advance cultivation techniques in groundnut**

Date: 24th August 2025

KVK North Tripura Panisagar has conducted a 3 days training programme on 'Advance cultivation techniques in groundnut' from 20th August 2025-22nd August 2025 with 21 participants from Kadamtala block with the collaboration of ICAR-IIGR and technical guidance under ICAR-ATARI zone VII and Department of Agriculture & farmers' welfare, Govt. of Tripura. The major aim was to enhance awareness and scientific groundnut cultivation practices in Tripura for its favorable soil and climatic conditions. Different aspects of cultivation practices such as agronomic package & practices, nutrient management, seed production technology, disease & insect pest management were covered during the training programme.
