

Training Programme conducted during the year 2023

Area of training	Title of the training programme	Beneficiary group	Male	Female	Total
Seed Production	Quality seed production of paddy	RY	15	5	20
Cropping system	Vegetable based suitable cropping system	Farmer & Farm women	6	11	20
Production and management	Scientific cultivation of high value fruits	Farmer & Farm women	11	9	20
Production and Management	Scientific cultivation of watermelon	RY	11	4	15
Production and Management	Scientific cultivation of Solanaceae vegetables	Farmer & Farm women	20	1	21
Production and Management	Cultivation of aromatic and medicinal plants for income generation	RY	13	2	15
Production and Management	Scientific cultivation of Rabi vegetable crops and Distribution of vegetable seeds to the violence affected farmers	Farmers & Farm women	4	21	25
Composite Fish farming	Repairing of Nursery pond	PF	15	5	20
Composite Fish farming	Water Management in Fish farming	PF	15	5	20
Composite Fish farming	Bio floc fish farming	RY	20	0	20
Composite Fish farming	Introduction of RAS Fish Farming	RY	15	5	20
Composite Fish farming	Major Technology intervention In Aquaculture	EF	10	5	15
Nutrition	Food safety, nutrition and immunity during covid 19	Farm women		25	25
Value addition	Value added product of black rice.	Rural Youth		25	25
nutrition	Complementary foods and feeding guidelines.	Extn. Personnel		25	25
Nutrition	Health benefit of soyabean	Extn. Personnel		25	25
Income generating activity	Mushroom cultivation	RY	15	5	20
IPM	IPM in vegetables crop	Farmer & Farm women	15	5	20
Income generating activity	Mushroom cultivation	RY	15	5	20
Income generating activity	Bee keeping	RY	15	5	20
IPM	IPM on cabbage crops	Farmer & Farm women	15	5	20
	Organic Farming for Sustainable Agriculture	Farmer	20	16	36
	Technique of Soil Collection for Testing	Farmer	20	5	25
	IFS models for Sustainable Development.	Farmer	10	5	15
	Vermicompost Production Technology.	Farmer	19	15	34
	Training programme on Climate Change Adaptation in Agriculture.		20	0	20
	Motivational approach to farmers to follow the recommended doses of fertilizers for productivity enhance of major crops	Rural Youth	20	15	35
	Linking Farmers to Market.	Rural Youth	20	15	35
	Importance and formation of Farmers' Club.	Rural Youth	20	0	20
	Agriculture as Bussiness for Rural Youth.	Rural Youth	20	20	40
	Mushroom Production	Extension Functionaries	15	0	15
Dairy	Dairy farm management	Farmer and farm women	13	7	20
Duckery	Integrated farming of ducks with fish	Farmer and farm women	13	7	20
Dairy	Importance of dairy farming and starting of scientific dairy farming	Farmer and farm women	13	7	20
Piggery	Piggery farming as a source of income	Rural Youth	13	7	20
Dairy	Dairy farming as a source of income	Rural Youth	13	7	20
Dairy	Disease management in dairy farms	Extension Personnel	10	5	15
Nutrient management	Micronutrient deficiency in plant	Farmer & Farm women	20	5	25
Income generation	Vermicompost preparation	RY	20	5	25
Nutrient management	Integrated nutrient management	Farmer & Farm women	20	5	25
Organic inputs	Importance of biofertilizers	RY	20	5	25
Seed production	Seed production of rapeseed and field pea	RY	10	0	20
Post Harvest	Value addition of Fishery products	RY	10	0	10
Piggery	Piggery farming as a source of income for rural youths	RY	13	7	20
Cropping system	Intercropping of cereal and legumes	RY	15	10	25
Integrated Fish farming	Integrated Fish cum Piggery	RY	20	6	26
